## CHOOSE YOUR OWN INTERIOR!

## Why The North Quarter?

The North Quarter has been designed around connection. Connection to your environment, your community, your city, and the places that are important to us.

With an emphasis on public open space, residents will be encouraged all year round to connect and engage with the landscape through a variety of quality passive and active experiences including active walking and cycling connections, shared user paths, a local playground, generous open space offering, connection to water and opportunity to participate in pop-up events within community nodes.

The North Quarter's central location means you're only a walk, ride, or jog away from parks, playgrounds, schools, and the city's best sporting facilities. A short 5-minute drive will have you at the city center's cafe's, restaurants, and shopping.
